4 Bedroom Villa with pool, Las Lomas Urb. Close to Mijas Pueblo

Looking for a private villa, with pool, great views and set in a tranquil location close to Mijas pueblo? Casa Helena is a traditional Finca located in Las Lomas Urbanization a few mins by car to the village. This property can be rented as 3 bedroom or as 4 bedrooms, the 4th bedroom is a separate annex attached to the house but with the entrance separate.

The property is designed on many levels, with a large open rustic kitchen, breakfast bar and separate dining area as you come in, moving through into an elevated living room that offers great views to the coast and over the pool.

The master bedroom is on a lower level by itself and is spacious, has Air-conditioning and ensuite.

The twin room, ground level, has direct access to the pool and a separate bathroom.

The double room, ground level, has direct access to the pool and an ensuite bathroom.

The separate annex, has a double bed and ensuite bathroom

All bedrooms, the kitchen, living areas and the annex have air-conditioning.

The pool is a kidney shape, and is surrounded by grass – with an olive tree providing shade. Not heated.

There are 4 sun loungers available.

The outside elevated dining table with 8 chairs, has an awning for shade. And a round breakfast table with 4 chairs is outside the kitchen entrance.

A separate laundry room with washing machine is available also.

The grounds of the villa are large and spacious, with a lot of grass, trees and plants.

Wifi is included and there is a smart TV to connect to your own paid subscriptions, no TV channels.

It is a villa with a lot of charm and evokes Spanish living.....It has been owned by the same family for over 40 years and to this day still offers a unique place for visitors to stay.

Car hire is recommended for this villa, as the urbanization is steep and has winding streets and it is not easy walking to the village (unless you like a trek!)
