TERRACES, VIEWS & CHARACTER

THIS REVERSE ENGINEERED VILLA IS FULL OF CHARM

Without a doubt, a wonderful detached property in a tranquil and small development full of character, near the picturesque white village of Mijas, close to all amenities and public transport.

This is a gorgeous home which has been modernized, improved and upgraded lovingly by the current owners. The villa is an “upside down” house, with the sitting and dining room and 4 terraces on the upper floor to capitalize on the sea views.

You enter the property via a private courtyard and garden; on the ground floor there are three double rooms all en-suite. The huge master bedroom, with its south orientation offers a lot of natural light with beautiful appointed French windows, to enable you to walk directly out to enjoy the private garden.

The second level, accessed by a marvellous wooden spiral staircase (one of the many features of this property), provides a spacious well thought out living / dining area with plenty of useable space. This space is bright, open and flows with terraces on all sides, offering all day sun or shade as preferred.

It also offers a spacious kitchen and a fourth bedroom with bathroom.

The panoramic views are extraordinary from this upper level and the piece de resistance is a private a secluded swimming pool, complete with pool house and BBQ area. From this area, once again, stunning views all the way down to the Mediterranean Sea and beyond.

Located on Mijas La Nueva, the urbanization has 2 communal swimming pools, tennis court and a bar/restaurant on site.

A beautiful home for those looking for a private villa with character!

Must be viewed to be appreciated!
