Beautiful MIJAS PUEBLO Townhouse

This beautiful 5 bedroom, 2 bathroom, 2 story, traditional townhouse is a rare find indeed!
Centrally located in the sought-after MIJAS PUEBLO, this property has been loving crafted and internally redesigned.
Entering through a repurposed ´stable door with working hatch´ you are welcomed into a sunny dining space. Off to the right, a bohemian style, stressed wood, repurposed kitchen – with interesting angels and all the essentials.

Arched brick work leads through to the lounge, with eco-friendly pellet burner and tiled floors.

The lower level consist of two bedrooms, bathroom with full tub and terrace. An atrium inspired hall way, exposes the natural light and blue skies above, adding a contemporary and functional feature.

The main bedroom on this level, at the back of the house opens to a large terrace, mimicking the terrace above, both in terms of space and wonderful views. While the second bedroom is spacious and roomy for a double bed.

Back in the lounge, and a semi-floating stair case leads to the upper level and holds 3 bedrooms, a bathroom and access to another large terrace. Views of the bullring and mountains are stunning.

Both front bedrooms on this level have beautiful floor length windows with traditional wood shutters. One is easily turned back into an extremely spacious master bedroom, by knocking the partition wall through, turning the property back into a 4 bedroom but with ample space.

The views are spectacular from both terraces and there is still room to put your own touches on this property. Which may include a roof terrace to house a jacuzzi!

Act quick if you love this Townhouse as it won´t be on the market long!
